

Testimonials

"Drayton State School is an historically significant school having been founded in 1851, some ten years before Toowoomba itself existed. Drayton is the second oldest school in Queensland. As such, our school students are taught about the historical importance of the school and area, of which the Royal Bull's Head Inn is a significant feature."

Jennine Laird - Drayton SS

"The children were fascinated by the way people cooked, slept, played, washed, collected water and, of course, went to the toilet in days gone by. The guides were knowledgeable, friendly and very patient with the many questions the children had. Having such a valuable resource for the children to experience provides life-long memories. Thank you for keeping our history alive in such an interactive manner."

Janice Moore - Yr 3 Our Lady of Lourdes School

"Thank you for preserving this unique historical site for the locals of the area. Thank you for the opportunity to share this history with the younger generations. We look forward to seeing you again next year."

Rebecca Chaffey - Yrs 2/3 Toowoomba Christian College
